Benefit Details**Your Plan's Coverage****Rehabilitation Assistance**

Once Manulife Financial determines that you are Totally Disabled, if appropriate, and at Manulife Financial's discretion, you may be offered rehabilitation to assist you in returning to gainful employment, either to your pre-disability occupation or to another occupation.

In considering whether Rehabilitation Assistance is appropriate for you, Manulife Financial will take into account:

- the nature, extent and expected duration of your disability
- your level of education, training or experience
- the nature, scope, objectives and cost of a Vocational Plan

Vocational Plan

A Vocational Plan is a training or job placement program that is expected to facilitate your return to gainful employment. If it is determined that Rehabilitation Assistance is appropriate for you, in partnership with you and your employer, Manulife Financial will provide a structured Vocational Plan that will prepare you for a return to work, either:

- with your employer
- with an alternate employer
- in a self-employed capacity

Disability Benefits During Rehabilitation

You will continue to be entitled to disability benefits while participating in the Vocational Plan. If you receive any earnings as part of the plan, your disability benefit will be reduced once your total income (your disability benefit plus your earnings) exceeds 100% of your pre-disability gross earnings; net earnings if your benefit is not taxable.

If you cease to participate in the Vocational Plan because of a change in your medical status, Manulife Financial will require medical evidence documenting how your current medical status prevents you from continuing with the Vocational Plan. If you are not available or do not co-operate or participate in the Vocational Plan, you will no longer be entitled to disability benefits.
